

2022 Leadership Seminar

Life Activities Programs

Jose Rivera jose.rivera@montgomerycountymd.gov

Why should we
as Knights do
life programs?

- Defense of the most vulnerable
- Living our lives in the public square
- As knights we are called to be men of action and as men of action, we are called to be men of prayer

When you think of life programs what comes to mind?

Pregnancy Support

Novena for Life

What am I asking District Deputies and Wardens to do?

1. Form an inter-district team
2. Run two programs
 - one the first half of the year
 - one the second half of the year

When running these programs, one will be action based and the second one will be spiritual

Pregnancy Support Center

The Maryland state council goals are:
To foster a stronger and more effective relationship between pregnancy support centers and the KofC

Pregnancy Support Center

Our goals are not only to provide financial, physical, and emotional support to the pregnancy centers, but to also demonstrate the KofC's organizational commitment and support for pro-life activities

We have 42 pregnancy centers in Maryland and 33 districts in the Knights of Columbus

Pregnancy Support Center

Goal for the first part of the year:

- Have all of the pregnancy centers covered by the 33 districts

What am I looking for?

- To have at least one inter-district and inter-council, activity in support of center in your region

You will hear more in detail

- Chris Powers, State Deputy Elect
- Terry Waters, Chairman

Novena for life

The novena for life is a sustained prayer intention of the church and particularly of the Knights of Columbus.

Lead your community in the spiritual fight to establish a culture of life.

This program should be our second action plan for your district

Novena for life

What should we do?

We should get the inter-district committee to start picking some dates and talk with pastors

General Idea:

- Pick where will hold the novena
- All nine days do not have to be consecutive, it can be done over time
- In between services, make sure councils are handing out the novena prayer cards and ask families to pray these cards at home

The life's team general idea:

To get District Deputies and Wardens

1. to work together not only within the district but with neighboring districts
2. to demonstrate cooperative leadership within the district and in the councils
3. to organize programs and faith activities to bring your regions together

Achieving these actions will demonstrate faith in action in the public square
